Attachment A to Plaintiff's (Danny Manniche) Claim SC-100

3a. Why does the defendant owe the plaintiff money?

On the afternoon of October 14th, 2022 (day of month is approximate), I returned to my encampment on Jessie St., and 6th St, at 3:15pm and Jessie street was completely clean. There was nothing there. The HOT Team was there and I asked a member about my stuff and he said "Gone" with no explanation. I asked if I could retrieve anything, he said "its in the garbage" "Gone". I couldn't believe it. I was angry and I felt robbed and violated. All my stuff gone, with no notices posted, and no possible way to retrieve my stuff.

The city threw away my shelter which is my security and safety and piece of mind. They also took all my stuff which I have worked hard to accumulate, and among that stuff was all my finished and unfinished art and my art supplies I use to create my art. I'm an artist and I make money selling my art. I sell my art at online auctions and along the Embarcadero to tourists and locals. I lost all of it and it cannot be replaced. My art is precious to me and selling it is how I make a living and survive.

I believe that my 14th amendment right to due process has been violated because the city did not follow their own policies of posting notice before a sweep and bagging and tagging my belongings.

3c. How did you calculate the money owed to you?

I'm filing a claim against the city for my losses. I listed things according to current market value. My art is priceless to me, but I do sell it to people who appreciate it, so I'm including a monetary value for my art in this claim. The total of my losses equal \$10,000 so that is what I'm asking for.
