

THE WHITE HOUSE  
WASHINGTON

April 15, 2024

The Honorable James Comer  
Chairman  
Committee on Oversight and Accountability  
United States House of Representatives  
Washington, D.C. 20515

Dear Chairman Comer:

This is in response to your letter of March 28, 2024, addressed to the President.

Your Committee's purported "impeachment inquiry" has succeeded only in turning up abundant evidence that, in fact, the President has done nothing wrong. Yet rather than acknowledge this reality, your March 28, 2024, letter contains the same litany of false allegations that have been repeatedly debunked and refuted by the very witnesses you have called before your Committee and the many documents you have obtained. Your insistence on peddling these false and unsupported allegations despite ample evidence to the contrary makes one thing about your investigation abundantly clear: The facts do not matter to you.

As our Office has demonstrated,<sup>1</sup> and you acknowledged in a recent fundraising email,<sup>2</sup> your impeachment investigation is over. It is past time for the House to focus on the issues that matter to the American people rather than continuing to waste time and taxpayer resources on this partisan charade.

Accordingly, we decline your invitation for President Biden to testify.

Sincerely,

A handwritten signature in blue ink, appearing to read "Richard Sauber".

Richard Sauber  
*Special Counsel to the President*
